 - BikeShare (Melissa Coluccio)
- Progress report on Delaware Avenue cycle track (Tom Coleman, Mark Deshon, James Wilson)
- Discussion on *Education* section feedback from the League of American Bicyclists (all)

Education

Bicycle-safety education should be a routine part of secondary education as well, and schools and the surrounding neighborhoods should be particularly safe and convenient for biking and walking. Work with your local bicycle groups or interested parents to develop and implement a Safe Routes to School or equivalent program that emphasizes bicycling for all secondary schools. For more information, see the National Highway Traffic Safety Administration's

Safe Routes To School Toolkit or visit www.saferoutesinfo.org.

Offer bicycling skills training opportunities for adults more frequently and encourage the White Clay Bicycle Club and Newark Bike Project to help. You can set up a class by contacting an instructor in your area. There are options from short videos and 1-2 hour courses to more in-depth training incorporating in-classroom and on-bike instruction. Other education materials, such as the League Quick Guide, offer the opportunity to share bike education in an easily accessible format. For more information visit: <http://bikeleague.org/ridesmart>.

- Old or new business
 - Old (follow-up with Bike to Work attendees, outreach to local elementary schools)
 - New (interest in Mayor's ride during Bike Month)
